

I am writing on behalf of K-LOVE radio station. I am in Oklahoma and when I found a music station that I could listen to without worries of foul language, lewd comments and overall clean music, I could not be happier. K-Love provides music, testimony and the word through ministry and music. I know that when I travel across the states I will be able to find K-Love wherever I go. The time spent listening to K-Love is my time of daily praise and worship and I am sure that others feel the same. The idea of the LPFM stations will damage the ability of a vessel used to touch many lives. K-LOVE allows a community for me and my family that upholds Jesus and his teachings. It would truly be a tragedy if this were lost.
